

## SARATOGA COUNTY FIRE TRAINING

**Tactical Fireground Simulations** course provides students the ability to practice initial command functions on a fire emergency scene utilizing real time computer based scenarios. It is not intended to teach command functions, but rather reinforce previously learned theories while giving students the opportunity to practice in the command role. Through a series of computer simulations, students will serve as both company officer and initial incident commander. A mobile classroom is available for regional deliveries.

### **Designed for:**

Students with experience in initial command functions as this course reinforces theories associated with those functions.

**Pre-requisites:** Fireground Strategies and Tactics for First Arriving Companies, ICS 100, 200

**Experience as a line officer recommended.**
